

Mosaic and SIMSA host a great day-long event

Over 200 SIMSA members met with about 20 Mosaic persons – for an entire day - at SIMSA's Roundtable event with Mosaic on October 20, 2026! The event was held in the Hotel Saskatchewan ballroom in Regina.

Jason Rathgaber of Mosaic updates SIMSA members

As with all SIMSA Roundtable events, attendees from the producer company (Mosaic) are assigned seating individually at a banquet table of 6-8 persons for the day. Upon entry, SIMSA members can choose with whom they sit. However, over half of the event time was spent in free-flow networking around the room, giving SIMSA members ample access to key Mosaic persons, and an opportunity to connect with fellow members.

After an hour of networking, the formal presentation portion of the event began with the ever-colorful Lawrence Berthelet, Vice President Operations – Potash, providing an overview of Mosaic's operations with a special focus on potash.

Lawrence Berthelet informs and entertains SIMSA members.

Other presentations were on “Working with Mosaic” by Jason Rathgaber, Senior Manager Procurement Operations and “Capital Projects 2027” by Bernie Boutin, Director of Capital.

The formal portion of the event concluded with a panel discussion based on pre-submitted questions from SIMSA members.
