

Membership FAQs

What type of SIMSA memberships are available?

SIMSA offers Regular, Open, and Associate memberships.

What are the core differences between the three types of membership?

Regular and Open memberships are the direct supply chain to the industrial, mining, or energy sector, while Associate are the broader supporters. As examples; welders and suppliers of welding materials are Regular or Open, while banks are Associate.

Regular and Open memberships require three permanent fulltime employees in Saskatchewan, while Associate only require one. But, both require a permanent physical office space in Saskatchewan.

Regular members have their world headquarters in Saskatchewan, while Open do not.

Regular members are eligible for SIMSA's Board of Directors, while Open and Associate members are not.

Can I apply as an Associate member if I meet all the Regular or Open membership criteria, except for the number of employees?

No, you cannot apply as an Associate member if you meet all of the Regular or Open membership criteria, except for the number of employees.

How long do SIMSA memberships last?

SIMSA memberships last 1-year from the closest month-end of their approval.

Does my related company become a SIMSA member with me?

SIMSA memberships (Regular, Open and Associate) are only applicable to the specifically named company on the application form - not its subsidiaries, joint venture partners, suppliers, parent companies, etc. A subsidiary (etc.) must file its own membership application.

If I am a Regular SIMSA member, can I apply for a position on the SIMSA Board?

Yes, only Regular members may have the opportunity to run for a SIMSA Board position, since their company’s world headquarters are located in Saskatchewan. Note that both Regular and Open members can nominate Directors and vote.
